# SURYA SM

## CAREER OBJECTIVE

Passionate Junior Developer and Designer with a solid background in design, leadership, problem-solving, and logical thinking. I enjoy creating clean, user-focused interfaces and building meaningful digital experiences. I also work on improving my skills in frontend development, UI/UX, creative design, and the basics of Data Structures & Algorithms. I remain adaptable and calm under pressure. I constantly look for chances to learn, grow, and contribute through teamwork and new ideas.
